RSVP](#)

**Presentation Synopsis:** In September 2021, with support from the Friends of the Provincial Archives of Alberta Society, the PAA began the Residential School Records Project. The goal of the Project was to create a comprehensive and user-friendly access tool to all Missionary Oblates of Mary Immaculate (OMI) records that identified students attending residential schools administered by the OMI in Alberta. In addition to chronicling the names of residential school students, the project also digitized the material. The overarching goal is to foster detailed access to OMI residential school records. This presentation will provide an overview of the Project; its goals, the results to date and the plans for the future.

**Presenter:** Tom Anderson, Manager, Private Records, Collections Management Section
