

COPY.

Red Deer, Alta., Aug. 15th, 1916.

Sir:

Nearly five months ago the Court Offices were moved to the present building, in which were provided two vaults for the storage of the files.

I have to report that owing to want of ventilation in these vaults the files are already moist and beginning to rot. If the files are kept under these conditions during the tenancy of this building, ten years, they will be seriously damaged.

I should be pleased to have you place this matter before the Department of Public Works.

Yours obedient servant,

(Sgd) F. S. Simpson,

Clerk of the Court.

The Deputy Attorney General,

Edmonton.
